

Dear Carol -

I heard your talk at the Autism Conf. this summer and it was incredible. I teach a MFL primary classroom and have incorporated many of your ideas with great success in my classroom. Your social stories have made inclusion so much easier and quicker. We have also used the social stories at home with the parents and have had overwhelming success. Thank you for everything. We will also be using your ideas for a pilot program for inclusion in Ohio.

I would very much like to receive The Morning News and any back issues if possible (since the conference). I would also like to purchase The Curriculum guide that was available in September.

You have made a world of difference in many children's lives... Thank you 😊

Sincerely,
Joy D. Garand
