

THE Jenison Public Schools

MORNING

NEWS Summer '98

Dedicated to individuals with autism and other developmental disabilities and those who work alongside them to improve mutual understanding.

We are going to the Davis Farm

We are going to ride in the big bus.

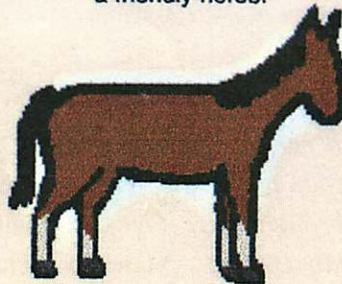

We're going to stay in seats on the bus.

We are going to hold Kelly's hand.

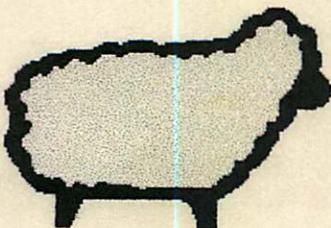

A horse will pull our hayride. He is a friendly horse.

Maybe we will see some cows.

Maybe we will see some sheep.

We will see lots of trees with leaves changing colors.

Then we will go back to school.
