

I'll have a second-grade teacher!

My name is Ann. I'm seven years old. I'm a student. I have gone to school for three years. I've had three teachers and I'll have more.

I went to pre-school. Mrs. Grayson was my pre-school teacher. Mrs. Grayson knows all about pre-school students and what they need to learn.

In the summer, I went to day care and played. I went with my family to the beach a lot. I did other things, too.

A year later, I went to kindergarten.

Mr. Barnes was my kindergarten teacher. He knows all about kindergarteners and what they need to learn.

A year later, I went to first grade.
Miss McMahon was my teacher.
