

I AM GOING TO ABILITY TREE!

This is the building. It is bright and colorful. I see the painting of Doug the deer on the wall! I can wave & say hi to Doug on my way in.

I can see what the building looks like from the bus window before we cross the stone bridge. It helps me to get ready for my stop by watching for the green & brown stripes on the top!

The bus driver brings me to the front door. I see an Ability Tree buddy standing there, ready to walk with me into the building. This keeps me feeling safe!

Here is the front door. It makes a 'ding-dong' noise when it opens. Sometimes that noise bothers people's ears. I can cover my ears if that noise bothers me.

This is where I hang up my

coat & backpack. My shoes go in a cubby. Some people like to keep their shoes on. I can keep my shoes on if I want to. An Ability Tree buddy will be there to help me!

This tree-house
looks like fun! It has
beanbag chairs and
books for me to
read. It is a nice
quiet space.

I see brightly colored,
soft play blocks in the
Rec Center. I am
imagining a lot of things
that my friends and I
can build together!

There's a piano keyboard
for me to use. Loud music
bothers some people's
ears; I can remember to
leave the sound where it
is set.

Sometimes after a busy day
at school, a quiet,
comfortable spot to watch
cars and people go by might
be helpful if I'm feeling
tired or like I need to be by
myself; here's a bench that
I can sit on!

Center gets too loud for me.

Sometimes spaces with a lot of friends get noisy, but I am ok!

The Sensory Room is a safe, quiet place for me to go if the Rec

It

has a bubble tube with blue, green, and red lights! There is quiet music playing and a big comfy bean bag to lay on.

At the end of the day,
we can all help each
other stack the blocks
neatly and get ready to
go home!

When I am leaving with Mom &
Dad, I can show them Doug the
Deer at the bottom of the
ramp. We might even take a
picture of me standing by Doug
so that I can look at it when I
get home!

When I am safely buckled in
the car and heading home,

I can
back

look
into this

window and remember the fun things I did at Ability
Tree.

See you again soon friends! ☺
