

A.O.K. Ways to Finish My Work

I am an awesome student. Most of the time, it is important that children finish their work.

One Way: One way to finish my work is to finish it all at one time. This means that I start it, work on it, and finish it. Then, I go to another activity.

Another Way: There is another way to finish my work. Here are the steps:

- 1. START WORKING** and then...
- 2. GO DO SOMETHING ELSE** and then...
- 3. COME BACK TO THE WORK, AND WORK SOME MORE.**

Second graders often have to do their work **ANOTHER WAY** because they are older, busier, and have many things to do. Adults tell children if it is **AOK** to do work **ANOTHER WAY**.
