

Money Doesn't Grow on Trees!

Sometimes people say, "Money doesn't grow on trees!" This may seem like a silly thing to say because no one has ever seen money growing on a tree. People know that trees grow leaves, but not money.

“Money doesn’t grow on trees!” is an idiom, a phrase with its own meaning. If money did grow on trees, getting money would be easy. Whenever people needed money, they could go and pick some more!

Money isn’t like that. It’s not easy to get it. The phrase, “Money doesn’t grow on trees” means that people work hard for money, and they need to be careful how they spend it.
