

## It Is Okay to Visit Santa in My Own Way

My family is going to visit Santa Claus. Santa has a white beard and hair. He wears a red jacket and pants with a black belt. Once each year, children may sit on Santa's lap.

Santa has a story. He brings toys to children on Christmas Eve. Some kids sit on Santa's lap and tell him what they want for Christmas. It's also okay to give Santa a note with a list of toys.

Santa likes children. He wants me to feel safe and comfortable. I may sit on his lap or stand with my family. I may tell him what I want or give him my list. Or I may watch him. When my family visits Santa, it's okay to visit with Santa in my own way.
