

## My Kids Zone Story

This is my Story about Kids Zone. Kids Zone is a room for kids in the Bradley Wellness Center. Bradley Wellness Center is also where adults like my mom or dad work out.

Moms or Dads bring their kids to Kids Zone. Kids play or rest while their moms or dads work out. At Kids Zone, I may choose my activities.

There are adults at Kids Zone to help children feel safe, comfortable, and happy. The adults may help me choose activities or make a play plan. They also know about when my mom or dad will be done working out.

My time in Kids Zone ends when my mom or dad come to get me. If I want to know more about Kids Zone, my mom, dad, or the Kids Zone adults can help.
