

My Family's Dish Towel Story

This is a pile of eight clean dish towels in our laundry room. Many families fold towels to save time and space. Soon I will be learning how to make our towels fit in our kitchen drawer, where they are needed.

This pile of dish towels measures 13" tall by 18" wide by 22" long.

That's bigger than our dish towel drawer.

When the towels are folded and stacked, the pile is smaller, 3.5" tall by 9" wide by 14" long.

Eight folded and stacked towels fit in our kitchen drawer. There is room for more towels and an oven mitt, too!

The people in my family fold our kitchen towels. Sometimes Mom or Dad does it. Other times, Andrew folds them. Soon I will be learning to fold and stack kitchen towels, too! It may be one of my jobs soon!
